Food for thought.

At Liverpool Football Club we are proud of the food that we produce on site and we take extra care in the sourcing of our ingredients, to ensure that our guests enjoy the best cuisine possible when at Anfield.

- All of our food is cooked and produced on site, by Liverpool FC chefs from our own kitchens.
- We have an allotment located just 10 minutes away from Anfield Stadium. Here we grow a wide range of produce including carrots, beans, herbs and potatoes ensuring that all of our vegetables are locally grown.
- A beehive is also located on our allotment, where we produce our own honey to ensure that even our sweet products are produced in Liverpool.
- Urban cultivators, indoor gardening appliances, are located in our kitchens at the Stadium, that grow all of our micro herbs on site.

Whatever your requirements the team at Liverpool FC will ensure that only the best produce goes in to the meals that you provide for your guests.
