Matt Parish CEO, LFC Foundation

What is Safeguarding?

Safeguarding is putting the safety and wellbeing of children or someone who is a vulnerable adult at the centre of every activity.

Liverpool FC and the LFC Foundation work as one team for Safeguarding. For further details please go to www.liverpoolfc.com/fans/safeguarding.

Who is in scope for Safeguarding?

All those under 18 are deemed to be children and in scope for Safeguarding. For those over 18, anyone who meets the definition of being an Adults at Risk.

- Has needs for care and support (whether the local authority is meeting any of those needs).
- Is experiencing, or at risk of, harm, abuse or neglect or exploitation.
- As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

Also, the LFC Foundation include any adult whose behaviour or circumstance makes them vulnerable. Plus, all the players at the boys' and girls' academies who are over 18 but still within the Academy.

We know that some vulnerabilities are visible some are hidden. Some are pervasive and permanent, some are intermittent.

How LFC Foundation creates the environment for Safeguarding?

It is important that everyone at the LFC Foundation feels safe and happy. We make sure that:

- We have an environment where you can feel comfortable to tell someone in authority if something worries you.
- We take your concerns seriously.
- Our staff have special training and guidelines on the best ways to work with children.

- We aim to protect vulnerable individuals from being radicalised or exposed to extremism, by identifying who they are and providing them with support.
- Extremism is defined as “the holding of extreme political or religious views”.
- The strategy covers all forms of terrorism, including far right extremism and some aspects of non-violent extremism.

Asking for help

How to report something you are worried about

The LFC Foundation is somewhere where you can have a good time. It is also somewhere you can turn to share your worries. These could be worries at home, with friends, at school or at LFC.

We will Listen.

It can be difficult to share things. You might worry that something is wrong, you might not be able to explain things well. This does not matter; LFC Foundation staff will listen and give you the time to talk, listen, act on what you say and to make sure you're safe.

It can be difficult to ask for help, here's what you can do.

You don't have to share everything all at once. Tell them what worries you, telling someone is the most important thing. Choose an adult you trust. Someone who makes you feel safe, and you know will listen.

It could be:

- A coach
- A member of the LFC Foundation Safeguarding Team
- A teacher
- A family member
- A family friend

Telling someone your worries might make you nervous. Don't worry that is normal but telling someone about things that worry you will make you feel better once you have spoken out. It might be hard to describe things, but we will listen and understand. You might prefer to write things down, that's fine too.

Talk to us if you have any worries, you can report a problem in detail to LFC www.liverpoolfc.com/fans/safeguarding/report-a-safeguarding-issue this will go straight to the Director of Safeguarding.

What Happens Next?

Once you have reported your concern, a member of staff will take expert advice from the LFC Safeguarding Team.

The team are very experienced and will know what is best to ensure you are safe and well looked after. They will keep you updated with what is going to happen next.

If it is a dangerous situation, we might contact people from Social Services, Health, or the Police.

What we decide to do with your information will always be based on ensuring you are safe and not in any danger.

What you tell us will be kept safe and secure and will only be shared with people who need to know to keep you safe.
